**CONGRATULATIONS**

- Thank you **Tawana Ventus (15 years) & Ruth Watson (5 years)** for your support and dedication over the years.
- **Mackenzie Gahlinger** wanted to express her appreciation to **Katasha Pearson** for her contributions in a client proposal. “**Katasha** had several great cost savings ideas and her input was a huge part in making the proposal a success. The client was very impressed with our presentation and this led to us getting additional staffing hours. I want to give a huge thanks to **Katasha** for all her hard work. I couldn’t have done it without her!!!”
- **Mackenzie** also wanted to recognize the staff (**Lori, Marshalya & Mary**) at our large hospital client in Louisville, for “allowing Katasha and I to work on this project for 3 weeks. They stepped up to make sure all the duties were completed daily so that **Katasha** and I could focus on the proposal. I’d also like to give a big thanks to **Tammy Riggs** for her assistance with her sites’ portion as well. “The proposals were definitely a team effort, so thank you to everyone who helped out!”
- One of our Client liaisons from our large food service company in Louisville sent a very nice handwritten note to **LaDonna Brown** and the **mailroom staff** for their “incredible effort” in shipping an international package to Hong Kong. In addition, another client contact wanted to share that “**Tori Gray and Amy Kinberger** have been a HUGE help. **Amy** has done a fantastic job of ensuring that the Special Mailing Cards are in order once they are received and she always keeps me informed of when the cards arrive and which ones are missing. **Amy** has also been great with helping getting these packaged up and sent out in time. **Tori Gray** has also been awesome to work with. **Tori** is ALWAYS on top of things and does a great job of communicating with me on a daily basis with updates on what cards have been completed and what sleeves we still need to complete. Her help upstairs in checking and wrapping is very much appreciated.”
- **Dana Yurkanin** “wanted to give a HUGE shout out to **Jackie Taylor** who is always willing and able to assist me with her computer software prowess. It never fails, if I can't figure out how to make a formula work, a power point to slide in or sparkle, I know I can call on Jackie for help.”
