CONGRATULATIONS

- Congratulations to **Melissa Goodwin, Matt Morris and Creshauna Thompson** for earning your Mailpiece Design Certification.
- **Jackie Taylor** wanted to give a HUGE shout out to one of our Cincinnati accounts - (**Tiffany Richter & Kevin Coleman**). Despite being initially shorthanded, they were able to set up a workflow between themselves that has helped facilitate an increase in production, and allowed them to get and stay ahead of the curve. They have done this while being down an FTE and working through a rough implementation with an outgoing vendor. Great job team!
- **Edwin Toy** asked to thank **Talia Townes** for lending a hand at one of our Cincinnati accounts. Edwin also shared that he had received quite a few nice compliments for her great customer service.
- **David Wren** wanted to make sure we were aware of how "GREAT **Clyde Hudgins** is" and to publicly thank him for lending a hand at one of our sites in Toledo, Ohio.
- The following team members have also received verbal praise from our clients for their hard work, exceptional customer services and willingness to lend a hand. **Faye Carter, David Brock, Christy Dunaway, Amy Kinberger, LaDonna Brown, Melissa Goodwin, Lori Davis, Mary Seng, Ericka Grundy**
